RESPONSE GUIDE

SECTION 1. OVERVIEW OF BUSINESS

10 POINTS

Question 1.1

10 points

Question 1.1.A Provide an overview of your organisation and the tourism marketing/campaign.

(text box response)

Response Guidance

Provide an introduction to the organisation and short summary of the tourism marketing/campaign to introduce the concept and the aim of the campaign to the judges.

Describe the various stakeholders who worked together on the campaign, the various roles and the collective strengths and reasons for participating (if applicable).

Include details about the destination environment at the time the marketing/campaign was developed. This will set the scene for Q2A.

Highlight the marketing/campaign's points of difference and what makes it stand out from others.

Ensure you demonstrate your eligibility for this category as related to the descriptor and clearly outline why the marketing/campaign should be considered for an award.

Assume the judge has no prior knowledge of the business, so take them on a journey of how and when it began, where the business is located or where the services are provided, who works in the business, etc.

As the judges may not be familiar with the business – and your submission may be judged nationally by judges that are not from your state/territory – explain everything from the ground up including;

- *History*
- *Size/scale of business*
- *Business structure*
- *Location/Map*
- *Involvement in tourism industry.*

TOURISM MARKETING AND CAMPAIGNS

Clearly demonstrate your eligibility by aligning with the category criteria to ensure that there is no misunderstanding as to why you have entered this category. The judges (and auditors) need to understand how the business fits into the category; therefore, be sure to include a clear explanation.

Highlight the business's points of difference and what makes it stand out from others. Consider the amenities, products, services, or facilities that enhance visitor satisfaction.

Question 1.1.B Provide visual evidence to support your answer.

Visual evidence must support and not replace the written response.

This is where you can include images to support your answer in Q1.1.A. Examples of the type of evidence you can include are:

- Images of staff, services, experiences, buildings, room types, etc.
- Map of location of business, route, etc.

This is an opportunity to show each of the products or services that are on offer.

Do not include any documents (plans, procedures, policies, etc.).

SECTION 2. CAMPAIGN PLANNING

25 POINTS

Question 2.1.

10 points

Question 2.1.A Provide the rationale for the development of the tourism marketing/campaign and how it fits within the organisations broader marketing objectives.

Text box response

Response Guidance

The judges are looking to understand why the marketing/campaign was developed, e.g. was it for awareness, acquisition, retention, growth or other reasons. Expand on the reasoning as to why it was needed, e.g. if it was for product awareness, why was greater awareness of the product/region needed?

Explain how the marketing/campaign will support the organisation’s overall marketing strategy. If a collective is entering, consider how the marketing /campaign will support the individual business’ marketing strategies or local/regional strategies in place.

To assist in demonstrating the rationale, include what the objectives were for the marketing/campaign.

Ensure that the response relates to tourism.

Question 2.1.B Provide visual evidence to support your answer.

File Name	Description of Evidence (up to 10 words)	Evidence Attachment
		Attachment

		Attachment

Response Guidance

Visual evidence must support and not replace the written response.

This is where you can include images to support your answer in Q2.1.A Examples of the type of evidence you can include are:

- Infographic highlighting key rationale for growth e.g. graph of declining visitor numbers.
- A map demonstrating where awareness of the brand may be low in specific areas.
- An image of any product or service that is featured within the campaign.

Do not include any documents (plans, procedures, policies etc.).

Question 2.2**10 points**

Question 2.2.A Outline the market research and analysis used to inform the development of the tourism marketing/campaign.

Text box response

Response Guidance

This question focuses on the research and analysis of the marketing/campaign. In follow up questions the outcome of the research and analysis will be shared more broadly.

Outline the research stage/s of the marketing/campaign. Show the judges the depth of research undertaken from primary and secondary sources to support the development of your concept.

Outline other considerations that were researched for the marketing/campaign, e.g., audience, seasonality, availability, competition, market dynamics, and market trends.

It is important to focus your response here to the research and analysis, not the outcomes. For example, the business may have conducted demographic research to understand its current visitors. Analysing this data helped identify the target market for the campaign. This question is not asking for a description of the target market itself but rather the research methods used to determine it.

Ensure to include the research undertaken for the target market and to determine that the campaign is suitable for the target market and their characteristics.
